Civil Air Regulations Amendment 20-1

Effective: February 5, 1949

Adopted: December 31, 1948

ELIMINATION OF THE REQUIREMENT FOR PHYSICAL EXAMINATION
PRIOR TO TAKING WRITTEN EXAMINATIONS FOR PILOT RATINGS

Section 20.61, Physical examination, provides that, prior to taking examinations and tests for a rating; an applicant for a pilot certificate with a private rating shall have met the appropriate physical requirements prescribed for the issuance of his certificate within the preceding 24 calendar months and an applicant for a pilot certificate with a commercial rating shall have met the physical requirements prescribed for the issuance of his certificate within the preceding 12 calendar months. Examinations specified in this section include written examinations as well as practical examinations and flight tests.

This amendment will enable an applicant to take the written examination before taking the physical examination. It will be noted that the physical requirements must be met before an applicant may take a flight test.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 20 of the Civil Air Regulations (14 CFR, Part 20, as amended), effective February 5, 1949:

By amending § 20.61 to read as follows:

20.61 Physical examination. Prior to taking a flight test for a rating, an applicant shall have met the appropriate physical requirements within the time limitations hereinafter prescribed:

(a) Private rating. Within the preceding 24 months.

(b) Commercial rating. Within the preceding 12 months.
